Independent Auditor's Report

To the Village Council
Village of Holly, Michigan

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, the major fund, and the aggregate remaining fund information of the Village of Holly, Michigan (the "Village") as of and for the year ended June 30, 2013 and the related notes to the financial statements, which collectively comprise the Village of Holly, Michigan's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Village Council
Village of Holly, Michigan

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, the major fund, and the aggregate remaining fund information of the Village of Holly, Michigan as of June 30, 2013 and the respective changes in its financial position and cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the major fund budgetary comparison schedules, as identified in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Plante & Morse, PLLC

December 12, 2013

Village of Holly, Michigan

Management's Discussion and Analysis

Our discussion and analysis of the Village of Holly, Michigan's (the "Village") financial performance provides an overview of the Village of Holly's financial activities for the fiscal year ended June 30, 2013. Please read it in conjunction with the Village's financial statements.

Using this Annual Report

This annual report consists of a series of financial statements. The statement of net position and the statement of activities provide information about the activities of the Village of Holly as a whole and present a longer-term view of the Village of Holly's finances. This longer-term view uses the accrual basis of accounting so that it can measure the cost of providing services during the current year and whether the taxpayers have funded the full cost of providing government services.

The fund financial statements present a short-term view; they tell us how the taxpayers' resources were spent during the year, as well as how much is available for future spending. Fund financial statements also report the Village of Holly's operations in more detail than the government-wide financial statements by providing information about the Village of Holly's most significant funds. The fiduciary fund statements provide financial information about activities for which the Village of Holly acts solely as a trustee or agent for the benefit of those outside of the government.

Governmental Activities

The following table shows, in a condensed format, the current year's net position and changes in net position compared to the prior year:

	2012	2013	Change	Percent Change
Revenue				
Program revenue:				
Charges for services	\$ 731,771	\$ 748,213	\$ 16,442	2%
Operating grants	480,765	511,505	30,740	6%
Capital grants	16,586	5,853	(10,733)	-65%
General revenue:				
Property taxes	1,311,017	1,267,639	(43,378)	-3%
State-shared revenue	525,014	542,427	17,413	3%
Investment income	6,733	5,220	(1,513)	-22%
Other revenue	92,695	114,498	21,803	24%
Total revenue	3,164,581	3,195,355	30,774	1%
Program Expenses				
General government	635,073	500,590	(134,483)	-21%
Public safety	1,935,910	1,896,982	(38,928)	-2%
Public works	917,625	1,185,748	268,123	29%
Community and economic development	98,971	57,528	(41,443)	-42%
Recreation and cultural	77,778	35,039	(42,739)	-55%
Interest on long-term debt	1,071	765	(306)	-29%
Total expenses	3,666,428	3,676,652	10,224	0%
Change in Net Position	\$ (501,847)	\$ (481,297)	\$ 20,550	-4%

Village of Holly, Michigan

Management's Discussion and Analysis (Continued)

The Village's total governmental revenue increased by \$30,774 due primarily to an increase in the federal grant revenue in the current year. Expenses increased by \$10,224 during the year due primarily to increases in public works for administration costs and rubbish collection costs.

	2012	2013	Change	Percent Change
Assets				
Other assets	\$ 1,418,184	\$ 1,401,234	\$ (16,950)	-1%
Capital assets	<u>3,982,242</u>	<u>3,547,392</u>	<u>(434,850)</u>	-11%
Total assets	5,400,426	4,948,626	(451,800)	-8%
Liabilities				
Current liabilities	182,049	89,015	(93,034)	-51%
Noncurrent liabilities	<u>239,825</u>	<u>362,356</u>	<u>122,531</u>	51%
Total liabilities	<u>421,874</u>	<u>451,371</u>	<u>29,497</u>	7%
Net Position				
Net investment in capital assets	3,873,792	3,505,308	(368,484)	-10%
Restricted	280,344	299,735	19,391	7%
Unrestricted	<u>824,416</u>	<u>692,212</u>	<u>(132,204)</u>	-16%
Total net position	<u>\$ 4,978,552</u>	<u>\$ 4,497,255</u>	<u>\$ (481,297)</u>	-10%

Total governmental net position decreased by 10 percent from a year ago - from \$4,978,552 to \$4,497,255. Unrestricted net position - the portion of net position that can be used to finance day-to-day operations - decreased by \$132,204 for governmental activities. This represents a decrease of approximately 16 percent. The current level of unrestricted net position for our governmental activities stands at \$692,212 or 19 percent of governmental activity expenses.

Total net position	\$ 19,283,955	\$ 19,960,104	\$ 676,149	4%

Village of Holly, Michigan

Management's Discussion and Analysis (Continued)

The Village's business-type activities consist of the Water and Sewer Funds. We provide water to residents from Village wells and sewage treatment through a Village-owned and operated sewage treatment plant. The net position of business-type activities increased 4 percent from a year ago - increasing from \$19,283,955 to \$19,960,104. Unrestricted net position - the portion of net position that can be used to finance day-to-day operations - increased by \$296,177 or 30 percent. The current level of unrestricted net position stands at \$1,293,016 or about 40 percent of annual expenses.

Debt service charges increased 6 percent from a year ago, increasing from \$1,514,473 to \$1,603,755 due primarily to increased debt service fee for water and sewer which is charged per meter instead of billed based on account.

Expenses decreased \$92,995 from a year ago primarily due to a decrease in the interest expense for the outstanding debt and a decrease in labor charges.

The Village's Funds

Our analysis of the Village's major funds begins on page 12, following the government-wide financial statements. The fund financial statements provide detail information about the most significant funds, not the Village as a whole. The Village's major funds for 2013 include the General Fund, which includes services of the general government - i.e., the Village Council, manager, clerk-treasurer - public safety (police and fire), public works, community and economic development, provides services for planning and zoning, community development, senior transportation, and parks and recreation. Public safety makes up 67 percent of the total General Fund expenditures.

Village of Holly, Michigan

Management's Discussion and Analysis (Continued)

The following table shows the total governmental fund activity, on a modified accrual basis, compared to the prior year:

	2012	2013	Change	Percent Change
Revenue				
Property taxes	\$ 1,311,017	\$ 1,267,639	\$ (43,378)	-3%
Charges for services	777,516	552,775	(224,741)	-29%
Licenses and permits	83,635	78,524	(5,111)	-6%
State-shared revenues	622,035	542,427	(79,608)	-13%
Act 51 funding	342,985	347,552	4,567	1%
Federal, state, and local grants	76,498	170,408	93,910	123%
Fines and forfeitures	29,142	37,867	8,725	30%
Investment income	6,733	5,220	(1,513)	-22%
Special assessments	276,770	275,905	(865)	0%
Other	78,505	68,628	(9,877)	-13%
Total revenue	3,604,836	3,346,945	(257,891)	-7%
Expenditures				
Current:				
General government	792,703	516,813	(275,890)	-35%
Public safety	1,831,449	1,688,924	(142,525)	-8%
Public works	922,237	927,401	5,164	1%
Health and welfare	24,394	30,691	6,297	26%

Recreation and culture	44,518	17,225	(27,293)	-61%
Capital outlay	19,143	12,009	(7,134)	-37%
Debt service	-	27,876	27,876	0%
Total expenditures	3,715,276	3,245,946	(469,330)	-13%
Excess of Expenditures (Under) Over Revenue	(110,440)	100,999	211,439	-191%
Other Financing Sources -				
Transfers - Net	76,192	-	(76,192)	100%
Net Change in Fund Balances	(34,248)	100,999	135,247	-395%
Fund Balances - Beginning of year	1,225,378	1,191,130	(34,248)	-12%
Fund Balances - End of year	\$ 1,191,130	\$ 1,292,129	\$ 100,999	8%

The federal grants increased during the year by \$93,910. The majority of those grants have been used for community and economic development activities related to the neighborhood stabilization grant.

Village of Holly, Michigan

Management's Discussion and Analysis (Continued)

Property tax revenue continues to decline due to continued decline in taxable values. Charges for services decreased by \$224,741 in the current year, primarily due to a decrease in labor charges that were charged by the General Fund. State-shared revenue decreased due to the decrease in the population in the 2010 census.

General government expenditures declined primarily due to a one-time severance pay in 2012. Public safety expenditures declined \$142,525 related primarily to a decrease in full-time wages.

Other major funds are the Water and Sewer Funds, which are categorized as enterprise or business funds. These funds operate on revenue they receive from the customers (users) of the water and sewer systems.

General Fund Budgetary Highlights

Over the course of the year, the Village amended the budget to take into account various minor expenditures and revenue changes. Reductions in revenue and reductions in some expenditures netted an increase in the fund balance of \$108,966.

Capital Asset and Debt Administration

During 2013, the Village did not invest in governmental capital assets.

Additional information regarding the Village's capital assets can be found in Note 5 to the financial statements.

Additional information regarding the Village's long-term debt can be found in Note 8 to the financial statements.

Economic Factors and Next Year's Budgets and Rates

Local Economy

The Downtown Development Authority (the "DDA") and the Holly Chamber of Commerce have a working partnership agreement to promote the Village of Holly through special events and activities. During 2008, the Downtown Development Authority completed a new streetscape downtown. This investment in the downtown area should make the downtown area more attractive and user-friendly for visitors.

The Village and the DDA are working together to bring businesses to the downtown area that are attractive to our local residents as well as visitors. With the reduction in taxable values of approximately \$5,156,190 for this fiscal year, priorities were made to continue to provide services to the Village residents.

Contacting the Village's Management

This financial report is intended to provide our citizens, taxpayers, customers, and investors with a general overview of the Village's finances and to show the Village's accountability for the money it receives. If you have questions about this report or need additional information, we welcome you to contact the Village's office.

Governmental Funds Reconciliation of the Balance Sheet to the Statement of Net Position June 30, 2013

Fund Balance Reported in Governmental Funds	\$ 1,292,129
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and are not reported in the funds	3,547,392
Net OPEB liability	(180,623)
Special assessment receivables are expected to be collected over several years and are not available to pay for current year expenditures	21,012
Bonds payable and capital lease obligations are not due and payable in the current period and are not reported in the funds	(42,084)
Accrued interest is not due and payable in the current period and is not reported in the funds	(922)
Employee compensated absences are payable over a long period of years and do not represent a claim on current financial resources; therefore, they are not reported as fund liabilities	<u>(139,649)</u>
Net Position of Governmental Activities	<u>\$ 4,497,255</u>

Village of Holly, Michigan

Governmental Funds Reconciliation of the Statement of Revenue, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities Year Ended June 30, 2013

Net Change in Fund Balances - Total Governmental Funds	\$ 100,999
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures; however, in the statement of activities, these costs are allocated over their estimated useful lives as depreciation:	
Depreciation expense	(423,463)
Net book value of assets disposed of	(11,387)
Revenue is recorded in the statement of activities when earned; it is not reported in the funds until collected or collectible within 60 days of year end	(18,870)
Decrease in accrued interest payable	1,403
Repayment of bond principal is an expenditure in the governmental funds, but not in the statement of activities (where it reduces long-term debt)	61,026
Decrease in the obligation of contracts payables are recorded when incurred in the statement of activities	5,340
Increases in accumulated employee sick and vacation pay and other similar expenses reported in the statement of activities do not require the use of current resources and therefore are not reported in the fund statements until they come due for payment	(8,274)
Increase in the liability for other postemployment benefits is recorded when earned in the statement of activities	<u>(188,071)</u>
Change in Net Position of Governmental Activities	<u>\$ (481,297)</u>

Village of Holly, Michigan

Notes to Financial Statements June 30, 2013

Note I - Nature of Business and Significant Accounting Policies

The accounting policies of the Village of Holly, Michigan (the "Village") conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The following is a summary of the significant accounting policies used by the Village of Holly:

Reporting Entity

The Village of Holly is governed by an elected seven-member council. The accompanying financial statements present the Village and its component units, entities for which the Village is considered to be financially accountable. Although blended component units are legal separate entities, in substance, they are part of the Village's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the Village (see discussion below for description).

Discretely Presented Component Units

Downtown Development Authority - The Downtown Development Authority (the "DDA" or, the "Authority") was created to correct and prevent deterioration in the downtown district, encourage historical preservation, and to promote economic growth within the downtown district. The Authority's governing body, which consists of five individuals, is selected by the Village Council. In addition, the Authority's budget is subject to approval by the Village Council. The Authority does not publish separate financial statements.

Economic Development Corporation - The Economic Development Corporation (the "EDC"), which was established pursuant to the provisions of Public Act 338 of 1974 (MCL 125.1601 through 125.1636), as amended, is governed by a nine-person board of directors appointed by the Village Council. The EDC may not issue debt without the Village Council's approval. The EDC does not publish separate financial statements.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, normally supported by taxes and intergovernmental revenue, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

Note I - Nature of Business and Significant Accounting Policies (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenue. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenue includes (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenue are reported instead as general revenue.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual Enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund, fiduciary fund, and component unit financial statements. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Village considers revenue to be available if it is collected within 60 days of the end of the current fiscal period. The following major revenue sources meet the availability criterion: state-shared revenue, state gas and weight tax revenue, district court fines, and interest associated with the current fiscal period. Conversely, special assessments and federal grant reimbursements will be collected after the period of availability; receivables have been recorded for these, along with a "deferred revenue" liability.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, expenditures relating to compensated absences, and claims and judgments are recorded only when payment is due.

Note I - Nature of Business and Significant Accounting Policies (Continued)

The Village reports the following major governmental fund:

The General Fund is the Village's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Village reports the following major proprietary funds:

The Sewer Fund accounts for the activity related to sanitary sewage collection and treatment. The Village operates its own sewage treatment plant.

The Water Fund accounts for the activity related to water distribution.

Additionally, the Village reports the following fiduciary activities:

The Other Employee Benefits Trust Fund accounts for the accumulation of resources for future payment of retiree healthcare costs.

The Agency Fund accounts for deposits received by the Village that will ultimately be returned to customers, developers, and others once the terms of the deposit arrangement have been satisfied. Agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the Village's water and sewer functions and various other functions of the Village. Eliminations of these charges would distort the direct costs and program revenue reported for the various functions concerned.

Proprietary funds distinguish operating revenue and expenses from nonoperating items. Operating revenue and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of our proprietary funds relates to charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenue and expenses.

Property Tax Revenue

Property taxes are assessed as of December 31; the related property taxes are billed and become a lien on July 1 of the following year. These taxes are due without penalty during the period from July 1 through September 30, with the final collection date of February 28.

Village of Holly, Michigan

Notes to Financial Statements June 30, 2013

Note 1 - Nature of Business and Significant Accounting Policies (Continued)

The Village's 2012 tax is levied and collectible on December 1, 2012 and is recognized as revenue in the year ended June 30, 2013, when the proceeds of the levy are budgeted and available for the financing of operations.

The 2012 taxable valuation of the Village totaled \$99 million (a portion of which is abated and a portion of which is captured by the DDA). Taxes were levied as follows:

<u>Purpose</u>	<u>Millage Rate</u>	<u>Revenue</u>
General operating	13.5244	\$ <u>1,267,639</u>

Assets, Liabilities, and Net Position or Equity

Bank Deposits and Investments - Cash and cash equivalents include cash on hand, demand deposits, and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value.

Receivables and Payables - In general, outstanding balances between funds are reported as "due to/from other funds." Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as "advances to/from other funds." Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances."

All trade and property tax receivables are shown as net of allowance for uncollectible amounts.

Inventories - Inventories are valued at cost, on a first-in, first-out basis. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Restricted Assets - The revenue bonds of the enterprise funds require amounts to be set aside for bond reserve. These amounts have been classified as restricted assets. Unspent bond proceeds of the enterprise funds are required to be set aside for construction. These amounts have also been classified as restricted assets.

Capital Assets - Capital assets, which include property, plant, equipment, intangible assets, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the Village as assets with an initial individual cost of more than \$2,500 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Note 1 - Nature of Business and Significant Accounting Policies (Continued)

Interest incurred during the construction of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Infrastructure, buildings, equipment, and vehicles are depreciated using the straight-line method over the following useful lives:

Roads and sidewalks	15 to 20 years
Water and sewer distribution systems	30 to 75 years
Water and sewer treatment facilities	30 to 50 years
Buildings and building improvements	25 to 50 years
Office furnishings and equipment	4 to 20 years
Vehicles	5 years

Compensated Absences (Vacation and Sick Leave) - It is the Village's policy to permit employees to accumulate earned but unused sick and vacation pay benefits. Compensated sick leave may accumulate to a maximum of 160 hours for department heads and 480 hours for police union employees and teamster employees. Department heads having more than 160 hours at the end of the fiscal year will be paid for half of the hours in excess of 160 at their current hourly wage. Police union employees and teamster employees having more than 480 hours at the end of the fiscal year will be paid half of the hours in excess of 480 at their current hourly wage. Upon termination while in good standing, one-half of all unused sick days will be paid back to the employee at the earned rate. Department heads and police union/teamster employees must have a minimum of 160 and 480 hours, respectively, in their sick bank to qualify for this benefit. All vacation pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only for employee terminations as of year end. In prior years, the governmental fund that has liquidated compensated absences has typically been the General Fund.

Note I - Nature of Business and Significant Accounting Policies (Continued)

Long-term Obligations - In the government-wide financial statements and the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund-type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt. In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt service expenditures.

Pension and Other Postemployment Benefit Costs - The Village offers both pension and retiree healthcare benefits to retirees. The Village receives an actuarial valuation to compute the annual required contribution (ARC) necessary to fund the obligation over the remaining amortization period. In the governmental funds, pension and OPEB costs are recognized as contributions are made. For the government-wide statements and proprietary funds, the Village reports the full accrual cost equal to the current year required contribution, adjusted for interest and "adjustment to the ARC" on the beginning of year underpaid amount, if any.

Fund Equity

In the fund financial statements, governmental funds report the following components of fund balance:

- **Nonspendable:** Amounts that are not in spendable form or are legally or contractually required to be maintained intact
- **Restricted:** Amounts that are legally restricted by outside parties, constitutional provisions, or enabling legislation for use for a specific purpose
- **Committed:** Amounts that have been formally set aside by the Village Council for use for specific purposes. Commitments are made and can be rescinded only via resolution of the Village Council.
- **Assigned:** Intent to spend resources on specific purposes expressed by the Village Council

Note 1 - Nature of Business and Significant Accounting Policies (Continued)

- Unassigned: Amounts that do not fall into any other category above. This is the residual classification for amounts in the General Fund and represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes in the General Fund. In other governmental funds, only negative unassigned amounts are reported, if any, and represent expenditures incurred for specific purposes exceeding the amounts previously restricted, committed, or assigned to those purposes.

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the Village's policy is to first apply restricted resources. When an expense is incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, it is the Village's policy to spend funds in this order: committed, assigned, and unassigned.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenditures during the period. Actual results could differ from those estimates.

Accounting and Reporting Change - During the year, the Village adopted GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. The statement incorporates deferred outflows of resources and deferred inflows of resources, as defined by GASB Concepts Statement No. 4, into the definitions of the required components of the residual measure of net position, formerly net assets. The statement also provides a new statement of net position format to report all assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position. The statement impacts the format and reporting of the balance sheet at the government-wide level and also at the fund level.

Note 2 - Stewardship, Compliance, and Accountability

Construction Code Fees - The Village oversees building construction, in accordance with the State's Construction Code Act, including inspection of building construction and renovation, to ensure compliance with the building codes. The Village charges fees for these services. The law requires that collection of these fees be used only for construction code costs, including an allocation of estimated overhead costs. The Village accounts for its construction code activities within the General Fund.

Village of Holly, Michigan

Notes to Financial Statements June 30, 2013

Note 2 - Stewardship, Compliance, and Accountability (Continued)

Shortfall at July 1, 2012	\$ (328,210)
Current year permit revenue	36,435
Related expenses - Direct costs	<u>22,792</u>
Current year surplus	<u>13,643</u>
Cumulative shortfall at June 30, 2013	<u>\$ (314,567)</u>

Fund Deficits - As of June 30, 2013, the Lake Improvement Fund and the Solid Waste Fund had fund deficits of \$4,588 and \$17,427, respectively. The deferred revenue in the Lake Improvement Fund due to funds being unavailable as of June 30, 2013 caused the deficit. An accrual of an invoice at June 30, 2013 caused the deficit in the Solid Waste Fund.

Noncompliance with Legal or Contractual Provisions - During the year, the Village Council was not provided an investment report on a quarterly basis in accordance with PA 196 of 1997, as amended.

Note 3 - Deposits and Investments

Michigan Compiled Laws Section 129.91 (Public Act 20 of 1943, as amended) authorizes local governmental units to make deposits and invest in the accounts of federally insured banks, credit unions, and savings and loan associations that have offices in Michigan. The local unit is allowed to invest in bonds, securities, and other direct obligations of the United States or any agency or instrumentality of the United States; repurchase agreements; bankers' acceptances of United States banks; commercial paper rated within the two highest classifications, which matures not more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions, which are rated as investment grade; and mutual funds composed of investment vehicles that are legal for direct investment by local units of government in Michigan.

The Retiree Health Care Fund is established through Public Act 149 of 1999. This act authorizes the fund, in accordance with Michigan Public Act 314 of 1965, as amended, to invest in certain reverse repurchase agreements, stocks, diversified investment companies, annuity investment contracts, real estate leased to public entities, mortgages, debt or equity of certain small businesses, certain state and local government obligations, and certain other specified investment vehicles.

The Village has designated four banks for the deposit of its funds. The investment policy adopted by the board in accordance with Public Act 196 of 1997 has authorized investment in all investment vehicles listed above. The Village's deposits and investment policies are in accordance with statutory authority.

Village of Holly, Michigan

Notes to Financial Statements June 30, 2013

Note 3 - Deposits and Investments (Continued)

The Village's cash and investments are subject to several types of risk, which are examined in more detail below:

Custodial Credit Risk of Bank Deposits - Custodial credit risk is the risk that in the event of a bank failure, the Village's deposits may not be returned to it. The Village does not have a deposit policy for custodial credit risk. At year end, the Village had \$1,578,096 of bank deposits (certificates of deposit, checking, and savings accounts) that were uninsured and uncollateralized. The Village believes that due to the dollar amounts of cash deposits and the limits of FDIC insurance, it is impractical to insure all deposits. As a result, the Village evaluates each financial institution with which it deposits funds and assesses the level of risk of each institution; only those institutions with an acceptable estimated risk level are used as depositories.

Custodial Credit Risk of Investments - Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Village will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Village does not have a policy for custodial credit risk. There were no investments held at year end or during the year that were subject to custodial credit risk.

Interest Rate Risk - Interest rate risk is the risk that the value of investments will decrease as a result of a rise in interest rates. The Village's investment policy does not restrict investment maturities, other than commercial paper which can only be purchased with a 270-day maturity. There were no investments held at year end or during the year that were subject to interest rate risk.

Credit Risk - State law limits investments in commercial paper to the top two ratings issued by nationally recognized statistical rating organizations. The Village has no investment policy that would further limit its investment choices. As of year end, the credit quality ratings of debt securities (other than the U.S. government) are as follows:

<u>Investment</u>	<u>Fair Value</u>	<u>Rating</u>	<u>Rating Organization</u>
MBIA CLASS mutual fund	\$ 2,595	AAAm	S&P
Pooled Investments #77866	456,018	N/A	N/A
Pooled Investments #77865	1,415,975	N/A	N/A

Village of Holly, Michigan

Notes to Financial Statements June 30, 2013

Note 4 - Receivables and Deferred Revenue

Governmental funds report deferred revenue in connection with receivables for revenue that is not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received but not yet earned. At the end of the current fiscal year, the various components of deferred revenue are as follows:

	Governmental Funds - Unavailable
Special assessments	\$ <u>21,012</u>

Note 5 - Capital Assets

Capital asset activity of the Village's governmental and business-type activities was as follows:

	Balance July 1, 2012	Additions	Disposals	Balance June 30, 2013
Governmental Activities				
Capital assets not being depreciated -				
Land	\$ 198,000	\$ -	\$ -	\$ 198,000
Capital assets being depreciated:				
Roads and sidewalks	9,507,471	-	-	9,507,471

Net capital assets being depreciated	3,784,242	(423,463)	11,387	3,349,392
Net capital assets	\$ 3,982,242	\$ (423,463)	\$ 11,387	\$ 3,547,392

Village of Holly, Michigan

Notes to Financial Statements June 30, 2013

Note 5 - Capital Assets (Continued)

Business-type Activities	Balance July 1, 2012	Additions	Disposals	Balance June 30, 2013
Capital assets not being depreciated -				
Land	\$ 50,000	\$ -	\$ -	\$ 50,000
Capital assets being depreciated:				
Water and sewer distribution system	46,417,270	-	-	46,417,270
Equipment and vehicles	1,271,033	93,125	-	1,364,158
Subtotal	47,688,303	93,125	-	47,781,428
Accumulated depreciation:				
Water and sewer distribution system	13,465,213	915,795	-	14,381,008
Equipment and vehicles	685,165	59,101	-	744,266
Subtotal	14,150,378	974,896	-	15,125,274
Net capital assets being depreciated	33,537,925	(881,771)	-	32,656,154
Net capital assets	<u>\$ 33,587,925</u>	<u>\$ (881,771)</u>	<u>\$ -</u>	<u>\$ 32,706,154</u>

Depreciation expense was charged to programs of the primary government as follows:

Governmental activities:

General government	\$ 104,165
Public safety	65,716
Public works	251,346
Recreation and culture	2,236
Total governmental activities	<u>\$ 423,463</u>

Business-type activities:

Water	\$ 296,772
Sewer	678,124
Total business-type activities	<u>\$ 974,896</u>

Note 6 - Interfund Receivables, Payables, and Transfers

The composition of interfund balances is as follows:

Receivable Fund	Payable Fund	Amount
Due to/from Other Funds		
General Fund	Other governmental funds	<u>\$ 7,024</u>

Village of Holly, Michigan

Notes to Financial Statements June 30, 2013

Note 6 - Interfund Receivables, Payables, and Transfers (Continued)

These balances result from the time lag between the dates that goods and services are provided or reimbursable expenditures occur, transactions are recorded in the accounting system, and payments between funds are made.

There is a payable from the Retiree Health Care Fund (Employee Benefits Fund) to the primary government in the amount of \$107,365 as a result of the premium payments related to retiree healthcare being paid through pooled cash.

Note 7 - Leases

Capital Leases - The Village Sewer and Water Funds entered into a lease agreement to finance the purchase of water meters. This lease agreement qualifies as a capital lease for accounting purposes and, therefore, has been recorded at the present value of the future minimum lease payments as of the inception date. The future minimum lease obligations and the net present value are as follows:

<u>Years Ending June 30</u>	<u>Amount</u>
2014	\$ 79,800
2015	79,800
2016	79,800
2017	79,800
2018	<u>5,222</u>
Total minimum lease payments	324,422
Less amount representing interest	<u>(31,509)</u>
Present value	<u>\$ 292,913</u>

Note 8 - Long-term Debt

The Village issues bonds to provide for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the Village. County contractual agreements and installment purchase agreements are also general obligations of the government. Special assessment bonds provide for capital improvements that benefit specific properties and will be repaid from amounts levied against those properties benefited from the construction. In the event that a deficiency exists because of unpaid or delinquent special assessments at the time a debt service payment is due, the Village is obligated to provide resources to cover the deficiency until other resources (such as tax sale proceeds or a reassessment of the Village) are received. Revenue bonds involve a pledge of specific income derived from the acquired or constructed assets to pay debt service.

Village of Holly, Michigan

Notes to Financial Statements June 30, 2013

Note 8 - Long-term Debt (Continued)

The Village has the following long-term debt outstanding as of June 30, 2013:

Description	Amount
Governmental Activities:	
General obligations:	
HVAC unit for Village office, with interest of 4.0 percent, maturing in February 2014	\$ 36,744
Contracts payable due June 2014	5,340
Total governmental activities debt	<u>\$ 42,084</u>
Business-type Activities:	
General obligations:	
2006 General Obligation Limited Tax Bond, with interest from 4 percent to 4.375 percent, maturing in 2025	\$ 4,450,000
Contracts payable due June 2014	6,794
Subtotal	<u>4,456,794</u>
Revenue bonds:	
1991 Water Revenue Bond, with interest of 5.113 percent, maturing in 2014	215,000
1999 Water Supply Revenue Bonds Act 94, with interest of 2.5 percent, maturing in 2019	590,000
2004 Wastewater System Revenue Bond, with interest from 3.5 percent to 4.85 percent, maturing in 2025	5,050,000
2006 Water System Revenue Bond, with interest from 4 percent to 5.5 percent, maturing in 2027	<u>5,025,000</u>
Total revenue bonds	<u>10,880,000</u>
Total business-type activity debt	<u>\$ 15,336,794</u>

Village of Holly, Michigan

Notes to Financial Statements June 30, 2013

Note 8 - Long-term Debt (Continued)

Long-term debt activity can be summarized as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental Activities					
Installment purchases	\$ 97,770	\$ -	\$ 61,026	\$ 36,744	\$ 36,744
Contracts payable	10,680	-	5,340	5,340	5,340
Accumulated compensated absences	131,375	139,650	131,376	139,649	139,649
Total governmental activities	<u>\$ 239,825</u>	<u>\$ 139,650</u>	<u>\$ 197,742</u>	<u>\$ 181,733</u>	<u>\$ 181,733</u>
Business-type Activities					
General obligation bonds	\$ 4,700,000	\$ -	\$ 250,000	\$ 4,450,000	\$ 300,000
Revenue bonds	11,600,000	-	720,000	10,880,000	730,000
Less deferred amounts - Issuance cost	(60,483)	-	(4,655)	(55,828)	-
Contracts payable	13,590	-	6,796	6,794	6,794
Total bonds and contracts payable	16,253,107	-	972,141	15,280,966	1,036,794
Accumulated compensated absences	14,194	1,219	-	15,413	15,413
Total business-type activities	<u>\$ 16,267,301</u>	<u>\$ 1,219</u>	<u>\$ 972,141</u>	<u>\$ 15,296,379</u>	<u>\$ 1,052,207</u>

Total interest expense for the year was \$703,680. Annual debt service requirements to maturity for the above bonds and note obligations are as follows:

Years Ending June 30	Governmental Activities			Business-type Activities		
	Principal	Interest	Total	Principal	Interest	Total
2014	\$ 42,084	\$ 1,106	\$ 43,190	\$ 1,036,794	\$ 658,208	\$ 1,695,002
2015	-	-	-	1,045,000	613,913	1,658,913
2016	-	-	-	1,005,000	575,969	1,580,969
2017	-	-	-	1,035,000	535,438	1,570,438
2018	-	-	-	1,035,000	493,888	1,528,888
2019-2023	-	-	-	5,680,000	1,766,350	7,446,350
2024-2028	-	-	-	4,500,000	396,438	4,896,438
Total	<u>\$ 42,084</u>	<u>\$ 1,106</u>	<u>\$ 43,190</u>	<u>\$ 15,336,794</u>	<u>\$ 5,040,204</u>	<u>\$ 20,376,998</u>

Revenue Pledged - The Village has pledged substantially all revenue of the Water Fund, net of operating expenses, to repay the above water and sewer revenue bonds. Proceeds from the bonds provided financing for the construction of the water plant. The bonds are payable solely from the net revenue of the water system. The remaining principal and interest to be paid on the revenue bonds total \$7,930,340. During the current year, net revenue of the water system was \$1,118,923 compared to the annual debt requirements of \$699,314.

Village of Holly, Michigan

Notes to Financial Statements June 30, 2013

Note 8 - Long-term Debt (Continued)

The Village has pledged substantially all revenue of the Sewer Fund, net of operating expenses, to repay the above water and sewer revenue bonds. Proceeds from the bonds provided financing for the construction of the wastewater plant. The bonds are payable solely from the net revenue of the sewer system. The remaining principal and interest to be paid on the revenue bonds total \$6,695,363. During the current year, net revenue of the sewer system was \$1,246,479 compared to the annual debt requirements of \$968,350.

Note 9 - Restricted Assets

The balances of the restricted asset accounts represent unspent bond proceeds and bond reserves held in the form of cash and investments:

	<u>Business-type Activities</u>
Unspent bond proceeds and related interest	\$ 496
Revenue bond restrictions - Bond reserve	<u>1,534,317</u>
Total restricted assets	<u>\$ 1,534,813</u>

Note 10 - Risk Management

The Village is exposed to various risks of loss related to property loss, torts, errors and omissions, and employee injuries (workers' compensation), as well as medical benefits provided to employees. The Village has purchased commercial insurance for all such claims. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

Note 11 - Defined Benefit Pension Plan

Plan Description - The Village participates in the Michigan Municipal Employees' Retirement System (the "System"), an agent multiple-employer defined benefit pension plan that covers all employees of the Village. The System provides retirement, disability, and death benefits to plan members and their beneficiaries. The Michigan Municipal Employees' Retirement System issues a publicly available financial report that includes financial statements and required supplemental information for the System. That report may be obtained by writing to the System at 1134 Municipal Way, Lansing, MI 48917.

Funding Policy - The obligation to contribute to and maintain the System for these employees was established by negotiation with the Village's competitive bargaining units and requires no contribution from the employees.

Village of Holly, Michigan

Notes to Financial Statements June 30, 2013

Note 11 - Defined Benefit Pension Plan (Continued)

Annual Pension Cost - For the year ended June 30, 2013, the Village's annual pension cost of \$347,307 for the plan was equal to the Village's required and actual contribution. The annual required contribution was determined as part of an actuarial valuation at December 31, 2010, using the entry age actuarial cost method. Significant actuarial assumptions used include (a) an 8 percent investment rate of return, (b) projected salary increases of 4.5 percent per year attributable to inflation and 0 percent to 8.4 percent attributable to seniority/merit, and (c) 2.5 percent per year cost of living adjustments. Both (a) and (b) include an inflation component of 3 percent. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility over a four-year period. The unfunded actuarial liability is being amortized as a level percentage of payroll on a closed basis. The remaining amortization period is 26 years.

Three-year Trend Information

	Fiscal Year Ended June 30		
	2013	2012	2011
Annual pension cost (APC)	\$ 347,307	\$ 293,775	\$ 269,286
Percentage of APC contributed	100.0 %	100.0 %	100.0 %
Net pension obligation	\$ -	\$ -	\$ -
	Actuarial Valuation as of December 31		
	2012	2011	2010
Actuarial value of assets	\$ 7,194,568	\$ 7,385,644	\$ 7,532,241
Actuarial accrued liability (AAL) (entry age)	\$ 12,280,556	\$ 12,187,273	\$ 11,836,411
Unfunded AAL (UAAL)	\$ 5,085,988	\$ 4,801,629	\$ 4,304,170
Funded ratio	58.6 %	60.6 %	63.6 %
Covered payroll	\$ 918,677	\$ 970,678	\$ 954,753
UAAL as a percentage of covered payroll	553.6 %	494.7 %	450.8 %

Note 12 - Defined Contribution Pension Plan

The Village offers its employees a deferred compensation plan in accordance with Internal Revenue Code Section 457; no employer contributions are required.

The Village provides pension benefits for all employees at least 18 years of age, with starting dates on or after July 1, 2006, as well as the Village manager. Payroll costs of all employees and plan participants amounted to \$455,988 in fiscal year 2013. During the current year, the General Fund, Building Inspections Fund, and DDA General Fund contributed the Village's portion of the pension cost, amounting to \$26,185, which is 5 to 10 percent of eligible wages. Employees made required and voluntary contributions to the plan during the current year. The plan is administered by the Village treasurer/clerk. Investments are made through ICMA and AXA, which hold the assets of the plan within a trust. As a result, the plan assets are not reflected in the financial statements since the Village has no fiduciary or administrative responsibility for the plan. It is the policy of the Village to pay the pension costs as accrued.

The deferred compensation is not available to the employees until termination, retirement, death, or unforeseen emergency.

Note 13 - Other Postemployment Benefits

Plan Description - The Village provides retiree healthcare benefits to eligible pre-Medicare retired employees and their spouses with a 35 percent contribution required from the retirees. Currently, the plan has five members including employees in active service, terminated employees not yet receiving benefits, and retired employees and beneficiaries currently receiving benefits.

This is a single-employer defined benefit plan administered by the Village. The benefits are provided under collective bargaining agreements. The plan does not issue a separate stand-alone financial statement. Administrative costs are paid by the plan through employer contributions.

Funding Policy - The collective bargaining agreements require a contribution of 35 percent per month of the premium from all retired employees or their spouses currently participating in the plan. In the current year, the Village contributed \$0 into a prefunded retiree healthcare fund, which is reported in these financial statements as an other employee benefit trust fund type.

Village of Holly, Michigan

Notes to Financial Statements June 30, 2013

Note 13 - Other Postemployment Benefits (Continued)

Funding Progress - The Village's annual other postemployment benefit (OPEB) cost is calculated based on the annual required contribution (ARC) of the employer. The Village has elected to calculate the ARC and related information using the alternative measurement method permitted by GASB No. 45 for employers in plans with fewer than 100 total plan members. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. This following table shows the components of the Village's annual OPEB cost for the year, the amount actually contributed to the plan, and the changes in the net OPEB (asset) liability:

Annual required contribution (recommended)	\$ 127,110
Interest on the prior year's net OPEB obligation	5,199
Less adjustment to the annual required contribution	<u>(6,513)</u>
Annual OPEB cost	125,796
Amounts contributed:	
Payments of current premiums	-
Adjustment to the net OPEB obligation	<u>125,551</u>
Increase in net OPEB liability	251,347
OPEB asset - Beginning of year	<u>(10,010)</u>
OPEB obligation - End of year	<u>\$ 241,337</u>

Employer contributions and annual OPEB cost data for the year ended June 30, 2013 are as follows:

Fiscal Year Ended	Actuarial Valuation Date	Annual Required Contribution	Annual OPEB Contributions	Net OPEB (Asset) Obligation
6/30/11	12/31/07	\$ -	\$ -	\$ (41,428)
6/30/12	6/30/12	157,850	-	(10,010)
6/30/13	6/30/13	127,110	-	241,337

The funding progress of the plan is as follows:

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) (b)*	Unfunded AAL (UAAL) (b-a)	Funded Ratio (Percent) (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll
12/31/07	\$ 582,694	\$ 478,775	\$ (103,919)	121.7 %	\$ 1,319,010	(7.9)%
6/30/12	535,592	1,113,409	(577,817)	48.1	1,351,769	(42.7)
6/30/13	441,561	946,750	(505,189)	46.6	1,329,519	(38.0)

Note 13 - Other Postemployment Benefits (Continued)

* The AAL for the previous year has been restated to properly reflect the estimated annual cost of retiree health insurance.

Methods and Assumptions - Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and actuarial value of assets, consistent with the long-term perspective of the calculations.

The following simplifying assumptions were made:

Retirement Age for Active Employees - Based on historical average retirement age for the covered group, active plan members were assumed to retire at age 57, or at the first subsequent year in which the member would qualify for benefits.

Marital Status - Marital status of members at the calculation date was assumed to continue throughout retirement.

Turnover - Nongroup-specific age-based turnover data from GASB Statement No. 45 were used as the basis for assigning active members a probability of remaining employed until the assumed retirement age and for developing an expected future working lifetime assumption for the purpose of allocating to periods the present value of total benefits to be paid.

Healthcare Cost Trend Rate - The expected rate increase in healthcare insurance premiums was based on projections of the Office of the Actuary at the Centers for Medicare and Medicaid Services. A rate of 3.8 percent initially to an ultimate rate of 6.5 percent after six years, was used.

Health Insurance Premiums - 2013 health insurance premiums for retirees were used as the basis for calculation of the present value of total benefits to be paid.

Payroll Growth Rate - The expected long-term payroll growth rate was assumed to equal 1 percent.

Based on the historical and expected returns of the Village's short-term investment portfolio, a discount rate of 4.5 percent was used. In addition, a simplified version of the entry age actuarial cost method was used. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2013 was 30 years.

Note 14 - Upcoming Accounting Pronouncements

In March 2012, the GASB issued GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, which is required to be implemented for financial statements for periods beginning after December 15, 2012. Statement No. 65 establishes accounting and financial reporting standards that reclassify, as deferred outflows and inflows of resources, certain items that were previously reported as assets and liabilities. This statement also provides other financial reporting guidance related to the impact of the financial statement elements deferred outflows of resources and deferred inflows of resources. Statement No. 65 will be implemented for the Village for the year ending June 30, 2014.

In June 2012, the GASB issued GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. Statement No. 68 requires governments providing defined benefit pensions to recognize their unfunded pension benefit obligation as a liability for the first time, and to more comprehensively and comparably measure the annual costs of pension benefits. This net pension liability that will be recorded on the government-wide, proprietary, and discretely presented component units statements will be computed differently than the current unfunded actuarial accrued liability, using specific parameters set forth by the GASB. The statement also enhances accountability and transparency through revised note disclosures and required supplemental information (RSI). The Village is currently evaluating the impact this standard will have on the financial statements when adopted. The provisions of this statement are effective for financial statements for the year ending June 30, 2015.

Note 15 - Commitments

The Village has committed to a multi-year refuse collection agreement through June 30, 2014 at the following base rates:

- July 1, 2013 through June 30, 2014 at \$11.77 per month per unit

In addition to the base rate, a fuel recovery fee will be charged based on ongoing fuel prices.

See Note to Required Supplemental Information.

Village of Holly, Michigan

Note to Required Supplemental Information Year Ended June 30, 2013

Budgetary Information - Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the General Fund and all special revenue funds, except that operating transfers and debt proceeds have been included in the "revenue" and "expenditures" categories, rather than as "other financing sources (uses)."

The budget is presented to the Village Council for consideration and adopted by the Council prior to July 1 each year. The budget document presents information by fund, function, department, and line items. The legal level of budgetary control adopted by the governing body is the fund level. The Village manager cannot transfer budget amounts within departments without approval of the Village Council. The Village manager presents a resolution to the Village Council for the budget amendments throughout the fiscal year. The budget to actual shows the budget at a more detailed level than how it is adopted.

Amounts encumbered for purchase orders, contracts, etc. are not tracked during the year. Budget appropriations are considered to be spent once the goods are delivered or the services rendered.

	<u>Total Revenue</u>	<u>Total Expenditures</u>	<u>Transfers</u>	<u>Total Change in Fund Balance</u>	<u>Fund Balance</u>
General Fund:					
Amounts per operating statement	\$ 2,644,853	\$ 2,535,887	\$ -	\$ 108,966	\$ 787,416
